

Security Policies and Statistics for Antilles College of Health

Preparation and annual disclosure of statistics of criminal incidents in the institution.

The Security Office of Antilles College of Health Campus prepares this report to comply with the Jeanne Clery Law on Disclosure of Security Policies and Crime Statistics at the institution, better known as the Clery Act. Its disclosure, at present, is made by guidance, in addition this graphic document is placed on the bulletin boards on each floor of the institution and through our website antillespr.edu and is given a hard copy to all Student and employee who requests it. This document is also available to all prospective students and prospective employees of our institution. This report is prepared in collaboration with the local law enforcement agencies surrounding our institution and the persons designated to handle the security aspects of the institution.

Crimes, offenses and arrests in the institution, as well as reference statistics, include those situations reported to the institution's security authorities, namely: the Campus Security Officer, the Director of Operations of the institution, Security Guard and law enforcement agencies.

These statistics include crimes occurring in the geographical area as defined by the Clery Act of our institution.

Each year, the criminal statistics report will be discussed with students, faculty and staff. Copies of the report can be obtained from the Office of the Security Officer of the institution. Every new employee will get a copy in the hiring process through their supervisor and prospective students through the Admissions Office.

Timely Warning

The Campus Security Office makes timely notifications to the Institution Community on Clery crimes or other serious incidents that are occurring and which could pose a serious and serious threat to the Community. The institution will distribute these alerts using a variety of media, including e-mails, brochures and announcements published on bulletin boards, web pages and / or social networks.

These notices are issued by evaluating each situation individually and determining if they are a "serious and permanent threat" to students and employees of the institution or immediate community, then the notices are issued. The institution considers all the facts surrounding the incident, such as the nature of the crime, the continuing danger to the community of the institution and the possible risk of jeopardizing police compliance efforts before issuing the notices. Incidents that may result in the issuance of timely notice include the following Clery Law crimes:

- Murder
